

590 CONSULTANTS

The services of consultants from Alberta Education may be used by the Superintendent, Secretary-Treasurer, or Principals as required. When the consultant is contacted directly by the Secretary-Treasurer or Principals, the Superintendent shall be informed.

The Division has set aside money in the budget, designated as the research and development fund, for the purpose of securing consultants other than Alberta Education officials. Requests for funds for consulting services exceeding the budgeted amount shall be taken to the Superintendent for approval.
